The Legal Battle Over Free Speech And Religious Liberty

A legal fight over what pastors can say from the pulpit is heading to a federal appeals court. The case centers around the Johnson Amendment, a law that critics say limits free speech in churches. The National Religious Broadcasters, Intercessors for America, and two Texas churches are challenging the amendment, which bars tax-exempt nonprofit organizations, including churches, from endorsing or opposing political candidates.

'Life Returns to Their Eyes': Florida Jail Ministry Sees Revival, Record Baptisms Walton County Jail in DeFuniak Springs, Florida, is being transformed from a place of confinement to a site of spiritual freedom. Rev. Jonathan King, pastor of First Apostolic Church of DeFuniak Springs, serves as a volunteer chaplain for the Walton County Sheriff's Office. "When we approach these men and women as people instead of just as inmates, we're finding that God is doing the work in their lives," King told CBN News.

Christian College in the Cornfields of Indiana Bucks National Enrollment Trends

UPLAND, Indiana - As universities nationwide experience downward enrollment trends, one small Christian college is celebrating its 180th anniversary. Tucked away behind Indiana's cornfields and country roads, something big is happening at

Taylor University. From its NearSpace Launch program, a company started by a Taylor professor and now run by a Taylor graduate that sends satellites into space, to its now-famous "Silent Night" costume-filled basketball tradition, Taylor has developed a reputation that reaches far beyond the Midwest.

[Man Convinced He's Found Noah's Ark Delivers Message for Critics]

An independent researcher who has devoted his life to exploring a site near Mount Ararat, believed by some to be the remains of Noah's ark, is continuing his expedition to investigate what he believes could be the real-life location. Andrew Jones, who runs Noah's Ark Scans, a group he described as "a loose organization of individuals interested in pursuing scientific work and promoting [the ark site]," told CBN News his organization received a permit to drill at the site and has been actively engaged in exploring the area.

We are debtors, to proclaim the Gospel by the electronic media, as trustees of our stations. God has given us influence beyond anything our natural abilities or personal goals would suggest.

Highlights from Letters to Power 88

I have been in church most of my life but in Christ for 5 years. I had struggled to know Christ for much of my time in church but I could never reconcile my life with the gospel. At the age of 44, I was listening to David Jeremiah on your station. He told a story in his broadcast that put Christ into perspective for me, I was saved, and 9 months later I was baptized. My life & eternal destiny are so much better because of your station. Thank you. Sorry it took so long to start giving. Pensacola, FL
