[596 Decide to Follow Christ as UniteUS Brings Gospel to University of South Alabama]

Thousands of college students encountered the saving grace of Jesus Christ once again this week, thanks to the ministry of the UniteUS movement. This time, nearly 600 young people pledged their lives to Christ on Tuesday night at the group's latest revival event. UniteUS reports that approximately 3,500 students and community members gathered at the Mitchell Center on the campus of the University of South Alabama in Mobile, Alabama, for a night of worship and the Gospel, with messages from Tonya Prewett and Grant Troutt and worship led by Circuit Riders.

By the end of the night, 596 people had made decisions to go all in with Jesus, and 52 people were baptized outside immediately afterward. Many of them made their public declaration of faith in makeshift baptismal in truck beds as students gathered around to celebrate what God was doing on their campus.

[Alabama's abortion ban is working]

According to the state's Department of Public Health, only three abortions were carried out in 2025. Alabama allows abortion only in cases where the mother's life is at risk or the unborn child suffers from "lethal abnormalities." However, the department also reports that more than 1800 women traveled outside of Alabama for the purpose of obtaining an abortion. About half the states ban abortion while the other half welcomes it.

[Catholic alcohol consumption drops to record low as Americans rethink moderate drinking habits]

A historic shift in American drinking habits shows Catholic alcohol consumption reaching record lows, though scientific experts caution against attributing the drop strictly to religious or cultural changes. That marks a decline from the 2002–2004 period, when 79% of Catholics reported consuming alcoholic beverages. Over that same timeframe, self-reported Protestant drinking rates remained flat at 54%.

[Thousands Seek Christ at Revival Event in San Diego: 'Every Baptism Represents a Life Changed' The Gospel is alive and well in California as more hearts are awakening to God. The latest example came over the weekend as faithful followers of Christ created space for hungry souls to encounter Him at Movement San Diego 2026. Thousands gathered along the Pacific coast in Oceanside, California, for the event, declaring faith in Jesus through worship, prayer, evangelism, and powerful oceanfront baptisms

We are debtors, to proclaim the Gospel by the electronic media, as trustees of our stations. God has given us influence beyond anything our natural abilities or personal goals would suggest.

Highlights from Letters to Power 88

Recently I had to have an MRI, and being claustrophobic, it is not a good experience for me to have to go through. I asked the technician to please give me the headphones and put the music on your Christian station. This was very calming to my spirit. When the machine was too loud to hear the music clearly, I was praying, saying the Lord's Prayer, the 23rd Psalm, and other scripture and comforting words memorized over my life. The music you were playing was exactly what I needed to hear in those moments. I am thankful you were used of God to help me through something that would have caused me a lot of anxiety.

On February 1, 1988, Ronald Reagan stood in front of a room full of Christian broadcasters for NRB's annual gathering in Washington, D.C., and said this:

“It was in 1921 that the healing words of the Gospel first flew like angels over America’s airwaves.

”One crackling radio signal, a few believers who wouldn’t stay quiet, and a message nobody could hold back once it hit the air.

Reagan kept going. He called religious broadcasting *“a pillar of radio and television in our nation.”* He said it had carried God’s message of salvation into millions of lives in *“virtually every country of the globe.”*
